TURNING ON ELECTRONIC COMMUNICATIONS

By checking this option, all billing statements and communications from Express Pass will be sent to johndoe@promiles.com. (Email verification required)

- Click the **Submit** button.

You will be redirected to the log-in page. Please enter your User Name and Password to access your Company Dash Board. Click on Company Data.

Once you click on Company Data please review your company information. Once you have verified your information scroll down the page and complete your Company Assets.

Note: The Company Information screen allows users to add, edit and delete items from Company Assets. Company Supervisor Users can also add contacts and addresses for a company, designate terminals, add users that can order permits, and maintain vehicle inventory. Company Assets will assist in the permit application by auto populating fields as needed during the application process.

Click the **New** button to create a new **Contact**.

The **Contact Information** screen will be displayed.

Note: Any person that might need to be contacted by MDOT at any step of the permitting process should be added into the system as a Contact. Each Contact must be set up as a User to log into Express Pass and order permits.

Enter the appropriate data for the Contact you are adding. A Business Contact would be someone to contact for finance questions or company information, and a Permitting Contact would be someone who will be familiar with permits ordered through Express Pass.

Click Insert to save or click Cancel to exit Contact Information and return to the Company Information – Company Assets screen. The new Contact will appear in the Contacts dropdown list.

**Note:** Terminals are used if a company has multiple yard or terminal locations.

- Click the **New** button to create a new **Terminal** location.

*The **Terminal Information** screen will be displayed.*

A screenshot of the "Terminal Information" form. It has a title bar with a question mark icon. The form contains the following fields: "Terminal Name\*" (text input), "Email:" (text input), "Phone:" (text input with area code, exchange, and number fields) and "Ext.:" (text input), "Fax:" (text input with area code, exchange, and number fields) and "Ext.:" (text input), and "Delivery\*" (a dropdown menu with "E-Mail" selected). At the bottom are "Insert" and "Cancel" buttons.

- Complete all fields for the **Terminal Information** screen, including **Delivery**. This will be the default delivery method for permits once they are approved.
- Click the **Insert** button to save the **Terminal Information** entered or click the **Cancel** button to close the **Terminal Information** screen without saving.
- Continue adding **Terminals** by clicking the **New** button until all locations have been entered.
- Click the **New** button to add a new user or click the **Edit** button to review and complete the original user information.

*The **User Information** screen will be displayed.*

A screenshot of the "User Information" form. It has a title bar with a question mark icon. The form contains the following fields: "First Name\*" (text input), "Last Name\*" (text input), "Login\*" (text input), "Email:" (text input), "Phone:" (text input with area code, exchange, and number fields) and "Ext.:" (text input), "Terminal:" (a dropdown menu), "Prompt Question:" (text input), "Response:" (text input), "Password\*" (text input), "Retype Password\*" (text input), "Password Requirements" (a link) and "Passwords are case sensitive" (text), "Start Date:" (text input) and "End:" (text input), and "User Type\*" (a dropdown menu with "User" selected). At the bottom are "Insert" and "Cancel" buttons.

12. Complete the **User Information** fields including the **Prompt Question** and **Response**. Without this information the system cannot assist the user if the password is forgotten.

**Note:** The **Start Date** and **End Date** are not required but can be entered if the user should have access to the system only during a certain time period. Leave these fields blank unless you want to establish a firm start/end date for the user.

**User Type\* Supervisor** has the ability to edit Company Data and to add new users. **User** can only order Permits for the Company.

13. Continue adding **Users** by clicking the **New** button until all users have been entered.

14. Click the **New** button to add vehicles to your inventory to recall during the Order Permits process.

*The **Vehicle Information** screen will be displayed.*

It contains several input fields: "Unit Number\*", "Make\*", "Year\*", "VIN\*", "Plate:", "State:" (with a dropdown menu showing "Select..."), and "Terminal:" (with a dropdown menu). At the bottom are "Insert" and "Cancel" buttons. A red note at the bottom states: "Note: Multiple vehicles may also be added later by uploading a spreadsheet."

15. Complete all **Vehicle Information** fields.
16. Click the **Insert** button to save the vehicle information entered. Click the **Cancel** button to close the **Vehicle Information** screen without saving.
17. Continue adding **Vehicles** by clicking the **New** button until all vehicles have been entered or you can upload your vehicle inventory by clicking on the Excel Spreadsheet button.
18. Click the **Update** button to return to the Company Dash Board.

**Note:** It is recommended that Company Data be reviewed and updated including adding users. Please see the **Express Pass User Tutorial Videos** accessed from the **Express Pass Login Page** for additional information.
